

Nova ICT

# Civil Protection & Resilience

# Our Solution moves faster than the crisis itself.

Nova ICT has designed innovative mission-critical platforms that collect and unify data available across multiple systems and sources to create a single real-time operational picture.

## We utilize

Advanced  
AI tools

Next-generation  
networks

Sensors

Data Analytics

Smart  
Applications

**NOVA ICT supports Civil Protection & National Military authorities to ensure operational readiness.**

# What we deliver

End-to-end **design, deployment, operation** and **support** of national civil protection systems

Integration of **IoT, AI**, and cloud-based **coordination platforms**

Real-time situational awareness, **Effective Forecasting Simulation** and multi-agency decision support

Long-term **service, training**, and **maintenance** under single accountability

# How we deliver

**Turnkey delivery** with full operational and contractual accountability

**Single-point integration** across all vendors, platforms, and agencies

**PMO excellence** for on-time, compliant execution

**Scalable architectures** adaptable to future technologies and hazards

**Certified quality & continuity** under ISO 9001, 14000, 20000, 22301, 27001, 27701, 45001, 41001, 37001

1

## AIGIS – National Crisis & Prevention Database

### CLIENT

Ministry of Climate  
Crisis & Civil  
Protection

### SCOPE

Nationwide digital platform for prevention, monitoring, and emergency coordination across agencies.

2

## AIGIS – AI Fire Detection & Response Platform

### CLIENT

Ministry of Civil  
Protection

### SCOPE

AI-enhanced camera network and early-warning infrastructure for wildfire detection and automated alerts.

3

## Hymettus Mountain Civil Protection & Development

### CLIENT

Region of Attica

### SCOPE

Integrated monitoring, visitor safety, and crisis-management infrastructure in high-risk natural areas.

4

## Aigaleo Mountain IoT Coordination System

### CLIENT

Municipality of  
Egaleo

### SCOPE

Urban-forest safety network with IoT sensors, environmental monitoring, and emergency communications.

5

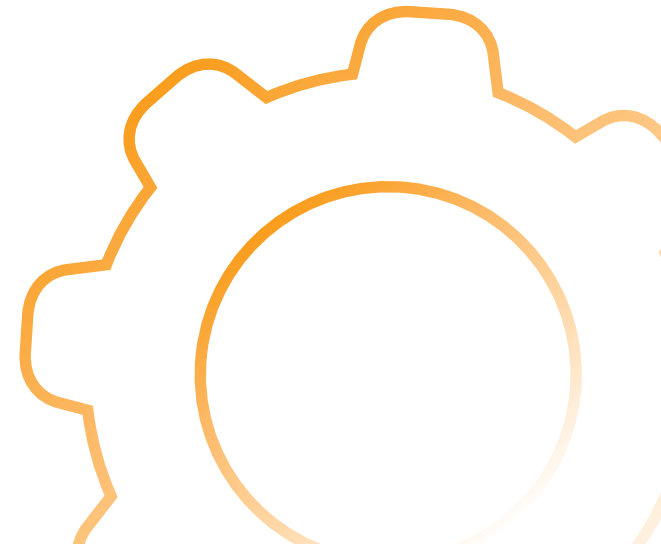

## EMDKAK Digital Training Platform

### CLIENT

General Secretariat  
for Civil Protection

### SCOPE

Nationwide e-learning and simulation system for personnel training and public readiness.

Let's build  
the future  
**together!**

**NOVA\ICT**

For governments, institutions &  
organizations navigating critical  
digital transformation, Nova ICT  
brings Structure into Complexity.
